

NOTICE

2024.01.12

To all the students at FUAB

Medical Submission during the 2nd Semester Examination- Academic Year 2023/2024

The submission of a medical certificate as evidence of your absence to a particular examination, should be done adhering to the university/faculty guidelines.

In the meantime, if the faculty figures out that a particular student is submitting an excessive number of medical certificates and/or has an unacceptable pattern in medical submissions such as medical submission for one subject each day while attending the other subject/s scheduled on the same day; those cases will be evaluated from a panel appointed by the faculty. Such cases will be reverted to the medical officer of USJ with the faculty recommendations and will require additional approval from the medical officer of USJ.

Thank you.

Sincerely,

.....

Snr. Prof. Pradeep Jayaweera
Dean, Faculty of Urban and Aquatic Bioresources,
University of Sri Jayewardenepura, Gangodawila,
Nugegoda.
